Displaying Daily Base Charges

Your bill will now show any applicable water, wastewater and/or stormwater base rate(s) for each day of the billing period rather than by month or year.

The cost per year for these charges has not changed. Customers will now pay the base rate(s) for each day of the billing period rather than by month, quarter or year.

The daily charge is based on the existing annual base charge divided by the number of days in the year.

Water Base Charges

Meter Size	Monthly	Daily
5/8" (Typical Residential)	\$13.00	\$0.4274

Wastewater Base Charges

Meter Size	Monthly	Daily

Charges shown by day vs. month or year can be found at halifaxwater.ca/rates.
